# WATER OZONATOR

A breakthrough in the food service and hospitality industry.
It is by far the most cost-efficient system in food safety.

We are proud to introduce a local, low cost, low-tech and time-tested technology that earned for us an ISO 14001 in 2013-2017!

## WATER PURIFIER FOR WATER STATION

Ozone sterilization is the key to a safe and healthy drinking water. Highly oxygenated drinking water contains minerals which acts as an immune booster.

## BASIC FEATURES OF OZONATORS

- Portable, light weight, power savings, chemical-free.
- Best sterilizer for food preparations to kill all traces of bacteria and viruses especially E-coli and salmonella.
- Ozonized water oxidizes chemicals and pesticides in fruits and vegetables.
- Best as sterilizer for dining and cooking utensils.

## WARRANTY

The product is warranted against defects in materials and workmanship for six months following the date of purchase by the original owner.
This warranty does not include damage to the product as a result of misuse, accident, modifications, or alterations. and it does not apply if the instructions in the manual are not followed.
